

# Pre-Approval for St Andrews Study Abroad for Science and Pre-Med Students

To receive advisor pre-approval for the University of St Andrews study abroad program, supply the following information, obtain the relevant faculty advisor signature(s), and submit this form to the Office of International Education. With approval, priority placement on the program for the following fall semester is reserved, provided there are no significant changes to your GPA and no serious disciplinary issues arise prior to your participation in the program abroad.

Students who obtain advisor pre-approval must still complete the full study abroad application during the appropriate application cycle (application typically launched in December with February due date).

**Name:** \_\_\_\_\_ **Primary Major:** \_\_\_\_\_

**Student ID:** \_\_\_\_\_ **Intended Term Abroad:** Fall Year: \_\_\_\_\_

**What is your GPA (if known at time of review)?**

\_\_\_\_\_

**List any relevant courses in the health sciences you have taken in preparation for this program (including any chemistry or biology AP credit):**
